

SHIYO®

YL YA LIANG

HEAVY DUTY MAGENTIC DRILL

PORTABLE MAGNETIC STAND DRILL MACHINE

PROCESSES

ELECTRIC DRILL

FEATURES

Feature:

- Used for drilling holes in metal surfaces. Portable lightweight design makes it efficient and convenient for various drilling applications.
- Powerful magnets to adhere to ferrous (magnetic) metal surfaces, providing stability and ensuring precise drilling.

TECHNICAL SHEET

**D-23 DRILL +
SHIYO MT-500S
MAGNETIC STAND**

**DR-32A DRILL +
SHIYO MT-800S
MAGNETIC STAND**

Model - Drill	D-23	DR-32A
Max Drill Size (mm)	23	32 (1-1/4")
Electric Power Supply	240V Single Phase AC 50~60Hz	240V Single Phase AC 50~60Hz
Power Input (Watt)	1150W	1600W
No Load Speed (rpm)	500	330rpm
Weight	6.2	12.5kg

+

+

Model – Magnet Stand	SHIYO MT-500S	SHIYO MT-800S
Supported Drill Capacity (mm)	23MM	32mm
Power (V)	240	240
Stroke (mm)	175	280
Turning Angle	330 °	330 °
Forward & Backward (mm)	20	20
Magnet Size (mm)	190 (L) X 110 (W) X 90(H)	230 (L) x 135(W) x 100 (H)
Height (mm)	400	560
Weight (kg)	17	35.2
